

Task 8: Viewing Details of Buyers, Products & Transactions

PART A: VIEWING BUYERS' DETAILS

Buyers List with Search & Sort (buyers_view.php)

```
<?php
include "config.php";

$search = $_GET['search'] ?? "";
$sort = $_GET['sort'] ?? "buyer_name";

$sql = "SELECT * FROM buyer_master
        WHERE buyer_name LIKE '%$search%'
        OR email LIKE '%$search%'
        OR phone LIKE '%$search%'
        ORDER BY $sort";

$result = $conn->query($sql);
?>

<h3>Buyers List</h3>

<form method="GET">
```

```
<input type="text" name="search" placeholder="Search buyer..." value="<?=$search ?>">
```

```
<select name="sort">
```

```
<option value="buyer_name">Sort by Name</option>
```

```
<option value="buyer_id">Sort by Registration</option>
```

```
</select>
```

```
<button>Apply</button>
```

```
</form>
```

```
<table border="1" cellpadding="8">
```

```
<tr>
```

```
<th>Name</th>
```

```
<th>Email</th>
```

```
<th>Phone</th>
```

```
<th>Address</th>
```

```
</tr>
```

```
<?php while($b = $result->fetch_assoc()) { ?>
```

```
<tr>
```

```
<td>
```

```
<a href="buyer_detail.php?id=<?=$b['buyer_id'] ?>">
```

```
<?=$b['buyer_name'] ?>
```

```
</a>
```

```
</td>
```

```
